TIRE & WHEEL PROTECTION THAT RIDES WITH YOU ANYWHERE YOU GO

Taking preventative measures against the unexpected is the best way to ensure your next ride is with confidence. The On-Road Powersports Tire & Wheel Protection Warranty gives your investment some added protection against unforeseen road hazards. You may not be able to prevent a road hazard, but you can avoid the resulting expense.

TIRE REPAIR

The cost of repairs will be covered if the tire incurs damage resulting in rim and seal bead leaks, under-inflation from rubber tire porosity, and/or tread punctures.

TIRE REPLACEMENT

In the event the tire is non-repairable, we will replace your tire(s).

WHEEL (RIM) REPAIR OR REPLACEMENT

In the event your vehicle's wheel sustains damage as the direct result of a road hazard¹, the cost of wheel repair/replacement will be covered. These repairs will be performed by authorized repair facilities.

REPAIR REIMBURSEMENT

In the event your vehicle sustains damage caused by a covered road hazard, we will reimburse you for repair costs.

GENERAL TIRE BENEFITS

A covered tire is only eligible for repair/replacement if:

- The incident is caused by a covered road hazard¹.
- The tire's tread depth is 3/32 of an inch or greater (3/32 is included).
- The tire is approved by the U.S. Department of Transportation, meets National Highway Traffic Safety Administration tire safety standards, and is considered safe for normal ON ROAD operation according to the manufacturer's guidelines.

¹ Road Hazard is defined as rocks, trash, nails, glass, steel plates, etc., or road surface conditions such as potholes, sinkholes, cracks, etc. that results in damage to the covered tire and/or wheel.
